

# Apple Pencil T<sup>o</sup>pper

## Supplies:

Red construction paper (to fold in half and fit an apple outline)

Green construction paper

Brown construction paper

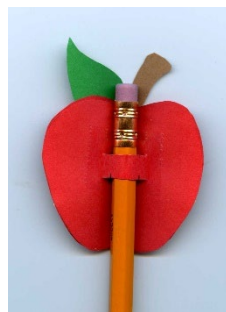

Glue

Scissors

Googly eyes

Pencil to put topper on

1. Fold a piece of red construction paper in half.
2. Draw an outline of an apple.
3. Cut out the apple through both layers.
4. On one piece of the apple draw a mouth and glue on googly eyes, forming a face.
5. Glue a leaf cut from the green construction paper to the top front of the apple.
6. Glue a small stem cut from the brown construction paper to the top back of the apple piece with the face.
7. On the other piece of the apple place a small piece of scotch tape near the centre (optional)
8. Cut two small slits (one over the other) big enough to fit a pencil.

9. Slide the pencil through the slits. (there should be a band of paper across the pencil).
10. Glue the two pieces of the apple together around the outer edge.

We have enclosed the pieces to get you started on your first topper. You can change the colour of your apple if you like, ie. Green.
