

Keepsake Book for Dad

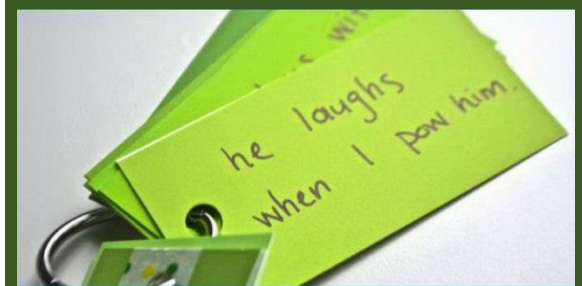

Enclosed find all the parts to make a keepsake book for Dad.

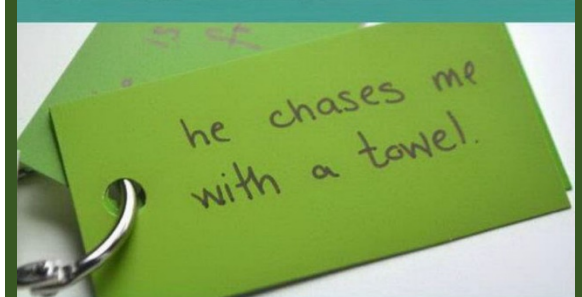

There are two matt cards (use as the front and back cover).
Five coloured pages can go in any order you like.

On the first page is written "I love my Dad because...". If your child is young ask them the question then record each response from the child on a new page. If the child is old enough have them record their responses on the pages.

Holes are punched in each card. Thread the cord through the hole. Slide a ring onto one side of the cord then tie the cord into a knot. Making sure it's loose enough to allow the booklet to open.

Decorate the cover with the sequins provided if you like.

Here are some examples of responses.
