

Turtle Craft

Supplies

- Half a paper plate painted or coloured green
- Yellow construction paper
- Green construction paper
- Glue stick
- Googly eye
- Black marker
- Scissors

Instructions

1. Cut the paper plate in half and cut ridges or waves along the round edge of the paper plate to form the turtles shell
2. Cut a head shape, legs, and tail from the green construction paper. Glue these to the back of the paper plate. The legs should be on the flat edge or bottom of the shell and the head and tail go on opposite ends of the shell.
3. Cut out yellow construction paper pieces and glue to the paper plate to form the shell plates
4. Stick on your googly eye and draw a mouth onto the head of the turtle
