

# Father's Day Shirt Card

## Supplies:

Buttons (we supplied - peel and stick)

Card Stock

Bow Tie Pasta (Farfalle)

Acrylic Paint

Scissors

Extra Strong Glue – we like this glue for gluing on pasta noodles and buttons

## Steps To Make a Father's Day Card Shirt:

1. Cut an 8 X 11 piece of card stock in half.

2. Fold one of the pieces in half.

3. While the card is folded, make 2 cuts about 1.5 inches from the top of the card, leaving about a 2 inch uncut portion in the center.

4. Unfold the card and cut the rest of the strip off the back of the card.

**5.** To make the collar: fold the 2 cut edges towards the center of the card. Then glue these pieces down to make the collar.

**6.** Paint one bow tie pasta noodle and allow it to dry. Then glue the bow tie noodle to the collar and 3 buttons down the center.

**7.** Write a message on the inside of the card. Now you are ready to give it to Dad for Father's Day!
